How to apply

This form is for information purposes only and should not be used as the official form of the CESAM Call for projects. The applicant should read the Call for projects Terms and Conditions Brochure before starting the application process.

This Call for projects form is divided into 3 main sections:

- General information: applicant information and organisation information*
- Open projects: project proposal information (codes O1 to O4)*
- Identified challenges: chosen challenge information (codes C1 to C10)*

Completion of the General information section is mandatory. Applicants must choose if they wish to apply for one Open project or for one Identified challenge, as the application process in the official Call for projects platform will only allow for one option or the other. Any missing information will be detrimental for the applicant.
